SUBJECT: Letter of Appreciation -- Imagery Policy Manual

    1. After many months of hard work we finally saw the results of our
efforts with the printing of the Imagery Policy Manual last week. I would
like to take this opportunity to express my appreciation for the invaluable
assistance you provided me in this effort. During much of the preparation of
this document you provided a vital link between the night and weekend typing
and the day-time follow-up necessary to insure that the many drafts were
completed and dispatched.

    2. Your positive attitude and willingness to keep doing more on this
project has been very much appreciated by me. During the final stages of the
document's preparation you readily joined the growing team of "night workers"
to work on the final typing. Your output was accurate and timely even though
the task was often complex and the volume of material to be typed high.

    3. I fully expect this document to have a major impact on the
Intelligence Community since I see it serving as a basic source for imagery
intelligence policy. You should feel pleased that you had a role in its
preparation.
